

THANK YOU

SEP 5, 2024

Hello,

From the bottom of my heart, as a young architect, I want to express my deepest gratitude for choosing a model from Just Necessary. To me, each model is more than just a product — it's a piece of art crafted with passion and dedication. I sincerely hope you will enjoy and cherish it as much as I did when creating it.

As a young architect, designing and creating is not just my job; it's my passion and joy. It's a way for me to bring architectural visions to life in the most genuine way possible.

If you ever dream of turning your own unique ideas into reality, please don't hesitate to reach out to me at:

<https://portfolio.hotrongnhan.org/home.>

There, you can also explore some free 3D files and much more. Wishing you great success with your projects! If you have any questions, I'm always here to help. Thank you for choosing to journey with Just Necessary!

Sincerely,

HO TRONG NHAN

USER GUIDE

1. 3D SKETCHUP MODEL:

- Each model is carefully crafted with clear naming and layer systems, making it easy to integrate into your project without cluttering your file.
- Models are exported in various formats (FBX, OBJ, DAE...) so you can easily use them with other 3D software.
- Native files are in SketchUp (.skp) format, compatible from the 2013 version onwards and ready to render with Lumion 10 or higher.

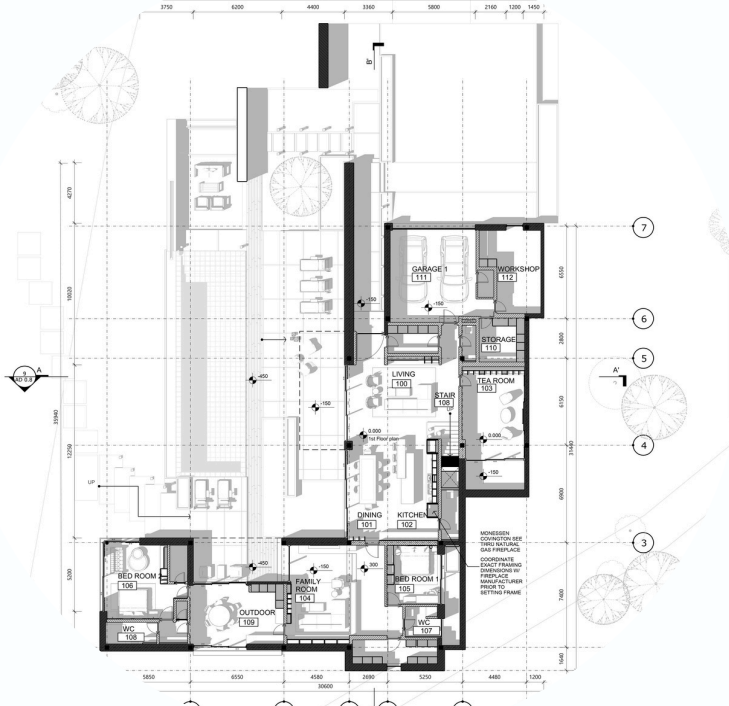

2. LUMION:

- The 3D file is directly linked to Lumion, with pre-set views and lighting effects (daylight, overcast, dawn, and evening). You can adjust these settings to your liking.
- The Lumion file (.ls10) includes 139 textures, lighting setups, and 15 camera settings to help you create the most vivid scenes.
- 3. Post-Production:
- Includes 15 final PSD files showcasing the post-production process with adjustment layers to support your creative workflow.

3. POST-PRODUCTION:

- Includes 15 final PSD files showcasing the post-production process with adjustment layers to support your creative workflow.

5. 2D DRAWINGS:

- The 2D drawing files are directly linked with the 3D SketchUp model and continuously updated, including plans and elevations, to help you quickly develop your concepts.
